DATES: APRIL 11-13

The NEXUS MASTERCLASS will center not only on clinical material from Foundation and Advanced Courses, but introduce a new technique called TRACKING which can be used to make rapid Advanced diagnosis. The ability to properly apply the TRACKING technique will be essential for the correct clinical application of the material taught in the ONLINE EXPERT LEVEL course which will be offered in Autumn of 2025. This Masterclass is important as it serves as a bridge (NEXUS) between the Advanced and Expert levels. This course is essential for anyone wishing to participate in the EXPERT level.

IMPORTANT! PREREQUISITE FOR THE NEXUS MASTER-CLASS: Completion of the **NCA Online Foundation Course** as well as **NCA Online Advanced Course**.

BRISBANE

With its warm climate, stunning natural scenery, and world-class dining, Brisbane is the perfect location for the 2025 NCA NEXUS MASTERCLASS DOWN UNDER. To make it even better, the venue for the Masterclass will be at the Royal On the Park, Brisbane CBD. We have hosted the Masterclass here twice and absolutely love the excellent service and relaxed elegance. Its prime location in the heart of the city, luxurious old world charm, and stunning views of the adjacent botanical gardens make it an ideal place to stay. And, of course, we can't forget to mention that their breakfast buffet is one of Dr. Burriss' Favorite Brekkies Down Under!

NCA NEXUS MASTERCLASS OVERVIEW

One goal of this 3-Day Masterclass is to support each participant in the mastery of diagnostic and treatment presented in the NCA Foundation and Advanced Courses to obtain maximum clinical results. This will be achieved via three main methods: 1) Venue will serve as a ‘clinical theater’ where participants can observe treatments close-up, while having the opportunity to clear up any doubts via Q&A. 2) Participants will treat outside (non-participant) patients under the supervision of Dr. Burris, receiving feedback on those treatments. 3) Participants will receive treatment so that they can experience first hand the techniques to be mastered.

The second goal of this Masterclass will be to introduce the technique called **NCA Tracking** which is a speedy but precise diagnostic method which can be used to great effect on any and all levels. A part of this training we will revisit the ‘light touch’ technique some of you may have already seen in previous Masterclasses. We will be adding exercises to make the ‘touch’ more effective. As this will be important on Day 2 when the actual technique is introduced. The Tracking technique will play a major part in the Online Expert Level Course which will be offered in Autumn 2025.

Below is a general outline of the Masterclass. Timing and material may vary slightly according to cases presented

NCA NEXUS MASTERCLASS OUTLINE

Friday, April 11 9:30am-4:00pm

9:30am- 11:30am

The first part of the day will be dedicated to treatment of participants by Dr. Burriss. As patient, each participant will have the opportunity to experience firsthand the palpatory pressure that Dr. Burriss uses as well as experience for themselves treatment effects. At the same time treatments serve as demonstrations where participants can observe at close range a variety of techniques (treatment/diagnostic/needling) used by Dr. Burriss to achieve maximum effect. Participants are free to ask for clarification any aspects of these treatments they may deem helpful. Participants may be asked also to assist in both diagnosis and treatment. These treatments will serve to reinforce material from the Foundation Course as well as provide an avenue to new material as each case may require.

11:30-12:30pm

Building the Nexus: Training to begin Tracking: We will visit the ‘light touch many of you have learned in previous Masterclasses. But after the break we will be adding a couple of extra techniques to make the ‘light touch’ more effective as this is an essential part of being able to successfully ‘Track.’

12:30pm-1:15pm Lunch catered by hotel

1:15-2:00 Exercise for further enhancing light touch point activation (important for **NCA Tracking** which will be taught on Day 2

2:00pm-4:00pm

Participants will treat non-participant patients with a variety of symptomatic and constitutional problems in small groups. Dr. Burris will supervise diagnostic and treatment aspects, while providing feedback in order to assist the participant in perfecting the Neoclassical system. There will be a round of patients each hour for two hours.

Saturday, April 12 9:30am-4:00pm

9:30am- 11:00am The first part of the day will be a continuation of participant treatments within a 'clinical theater' setting with simultaneous Q&A.

11:00-12:30pm

Introduction to **NCA Tracking**, with continuation of demonstrations

12:30pm-1:15pm Lunch Catered by the hotel.

1:15pm-2pm Further explanation and demonstrations with **NCA Tracking**

2:00pm-4:00pm

Participants will treat non-participant patients with a variety of symptomatic and constitutional problems in small groups using the new **NCA Tracking** method. Dr. Burris will supervise diagnostic and treatment aspects, while providing feedback in order to assist the participant in perfecting the Neoclassical system. There will be a round of patients each hour for two hours.

Sunday April 13, 9:30am-2:30pm

9:30am- 12:30am The first part of the day will be a continuation of participant treatments within a 'clinical theater' setting with simultaneous Q&A. We will be using **NCA Tracking** for these treatments.

12:30pm-1:15pm Lunch Catered by the hotel.

1:15pm-2:30pm Participants will treat fellow participants in small groups using the new **NCA Tracking** method. Dr. Burriss will supervise diagnostic and treatment aspects, while providing feedback in order to assist the participant in perfecting the Neoclassical system.
