

# ONLINE NCA EXPERT COURSE 2025

## THE MAGIC OF THE SVETOIDALS

**Take your NCA treatments to the next level with this new approach to elements, obstacles, meridians, and symptoms. Dr. Burris has been working on this new method of several years now and finally has organized the material into a cohesive whole, which when applied yields results even deeper and meaningful than those achieved with advanced level, one-needle, treatments.**

**N The NCA EXPERT LEVEL COURSE takes us to what may be the final frontier in NCA. As Advanced Course participants have seen, up until now there has been no way to open less than 8 meridians with each needle. The Expert Level Masterclass introduces the Svetoidals, points which have the uncanny ability to open just one meridian in each extremity. The Svetoidals transmit the least information possible. Meaning that, when used properly, they can send a direct signals thereby avoiding any information interference patterns. This high signal-to-noise ratio makes the Svetoidals amazingly effective points, capable of treating all levels simultaneously and causing deep lasting changes in mental, emotional and physical levels. The trick is in mastering the art of diagnosis which takes all levels into consideration simultaneously. As, always feedback via palpation guides the practitioner in his/her search.**

**The NCA EXPERT LEVEL ONLINE COURSE is designed for those who have completed the NCA FOUNDATION, ADVANCED, and NEXUS MASTERCLASS. While the FND and ADV are hard prerequisites, the NEXUS MASTERCLASS is soft prerequisite, i.e. it is highly recommended, but those who were unable to assist the Masterclass will still be admitted on a space available basis. The importance of the NEXUS MASTERCLASS lies in the in-depth look we will take at the skills we will be using in the diagnostic phase of the Expert level course. The live NEXUS MASTERCLASS is the opportunity to hone in on these necessary skills, so that they are prepared to put to use the material taught in the Expert Level.**
