SAVE THE DATE! OCT 18-19, 2025 (Saturday/Sunday)
TIME: 7pm-11pm LONDON TIME (GMT+1) Participants will have access to video recordings for 10 days in order to review and better assimilate material.

This 2-day online **NEXUS EXPERIENCE** is designed for NCA students who have completed the Foundation and Advanced Courses, and were unable to attend the live NEXUS in Europe, Australia, or USA due to location or prior commitments. This is also designed as a refresher for those who have already taken the in-person NEXUS MASTERCLASS and wish to reinforce their skills.

Due to popular demand, there will also be a review of exact locations of useful points. The online NEXUS EXPERIENCE introduces a new technique called TRACKING which can be used to make advanced diagnosis with lightning speed. The ability to properly apply the TRACKING technique will be essential for the correct clinical application of the material taught in the ONLINE EXPERT LEVEL course which will be offered in November 2025.

This course is important as it serves as a bridge (NEXUS) between the Advanced and Expert levels. This course is essential for anyone wishing to participate in the EXPERT level.

THE 2-DAY ONLINE NEXUS EXPERIENCE

IMPORTANT! PREREQUISITE: Completion of the NCA On-line Foundation Course as well as NCA Online Advanced Course.

This is because NEXUS level material builds on techniques from both of these courses.

NCA ONLINE NEXUS EXPERIENCE OVERVIEW

One goal of this **2-Day NEXUS EXPERIENCE** is to support each participant in the mastery of diagnostic and treatment presented in the NCA Foundation and Advanced Courses to obtain maximum clinical results. This will be achieved via the introduction of **NCA Tracking**, which is a speedy but precise diagnostic method which can be used to great effect on any and all levels. A part of this training we will give a brief explanation 'light touch' technique which is essential to the successful implementation of **NCA Tracking**. The Tracking technique will play a major part in the Online Expert Level Course which will be offered in November 2025.
