The **NEXUS EXPERIENCE** is transformational training for practitioners ready to elevate their NCA mastery.

Designed exclusively for students who have completed both the Foundation and Advanced courses, the NEXUS EXPERIENCE brings together two days of in-depth training recordings and a live 3-hour Clinical/Q&A Session.

Recording Access: Nov 25 to Dec 15

Live Clinical/Q&A Session: Dec 13, 7pm–9pm (London)

REVOLUTIONIZE YOUR NCA TREATMENTS: The NEXUS system streamlines the diagnostic phase with astonishing efficiency, enabling practitioners to achieve a precise, clinically reliable diagnosis in under one minute.

It also expands the range of treatment possibilities beyond those taught in the Advanced Level—resulting in greater power, nuance, and clinical accuracy.

Because each point is selected through direct real-time feedback from the body, treatments become more targeted, more effective, and dramatically clearer.

In this training, you will learn **NCA TRACKING**—a breakthrough diagnostic technique that allows for rapid, advanced clinical assessment with unprecedented speed and clarity.

The **NEXUS EXPERIENCE** serves as the crucial bridge between the Advanced and Expert levels, preparing you to step confidently into the highest tier of NCA practice.

IMPORTANT! PREREQUISITE: Completion of the **NCA On-line Foundation Course** as well as **NCA Online Advanced Course**. This is because NEXUS level material builds on techniques from both of these courses.

PAYMENT LINKS!

SPECIAL OFFER FOR THE NEXUS EXPERIENCE **595 USD (IF PAID PRIOR TO NOV 14, 2026)**

offering a super-duper-special price of: **287 USD**

Payment link: [HERE](#)

NCA NEXUS EXPERIENCE OUTLINE

DAY 1: Recording access Nov 25 to Dec 15

-Building the Nexus: Review of certain aspects of the ADV material which led to the development of NCA Tracking. This will serve not only to simplify the ADV material but serve as a laughing pad for the teaching of the tracking technique.

-Entering the Nexus: Training to begin Tracking. Helpful tips on the light touch technique which is essential for successful tracking.

-The Nexus: Introduction to **NCA Tracking**, with demonstrations

DAY 2: Recording access Nov 25 to Dec 15

-Continuation of NCA Tracking with a deeper look into the technique. This includes live demonstrations with explanations.

-‘Tribalization,’ ‘Tribal Jumping,’ and other adventurous aspects of the system!

-Due to popular demand! Point location review. Here we will be taking a look at proper location of points used in the tribalization.

DAY 3: Live Clinical/Q&A Session Dec 13, 7pm–9pm (London)

-NEXUS EXPERIENCE Q &A round-up with several treatments!
